TEEN PRESENTERS PROGRAM

The **TEEN PRESENTERS** Program will provide high school seniors who have chosen to be alcohol, tobacco and other drug free as speakers for parents and younger student audiences.

The purpose of the **TEEN PRESENTERS** Program is for older students to present the value of and the decision making process concerning this choice to be alcohol, tobacco and other drug free throughout their teen years.

TEEN PRESENTERS should have the speaking skills necessary to articulate the influences and experiences that contributed to their choice to be alcohol, tobacco and other drug free. It will be of paramount importance for the **TEEN PRESENTERS** to have never used alcohol, tobacco or other drugs in the past as well as the present.
